PRITHAM BASWANI GIRYALKAR

Software Engineer

Programming has always been my interest in life. I am technology enthusiast pursuing a bachelor in computer science and Engineering. I believe in the thought that the things that challenge you are the ones that improves you. I am looking forward to learning new skills that will both enrich and help me grow. I have good problem solving skills, good at coding and likes exploring the new things. I am Team-oriented personality, dedicated team player and enjoys working closely with others. Believes in the strategy of learning and applying.
